

IVOLUNTEER INTERNATIONAL

EST. 2015

STATEMENT OF INTRODUCTION

What is IVolunteer International?

IVolunteer International is a Non-Profit Organization operating globally, with the motive of connecting youth internationally in order to promote international understanding to attain world peace and conflict resolution.

Vision

To be the premier youth operated Non-Profit Organization contributing to elevate the quality of human life across the globe.

Mission

Increase youth engagement across state borders to promote international understanding to attain world peace.

IV Chapter Operations

IVolunteer International chapters can be representing an official state, underlining the restrictions of the constitution and the by laws. **Each state should only have one chapter.** Each organization will plan projects in order to achieve the mission of the organization. Each chapter is overlooked by an iVolunteer International Representative appointed annually for each state. Each chapter is autonomous and is accountable for their activities and projects. The following avenues can be considered when organizing projects but of course, doesn't necessarily have to restrict to the following.

- 1. Foreign Exchange**
- 2. Community Service**
- 3. Fund Raising**
- 4. International Awareness**
- 5. Peace Keeping**

The purpose of initiating chapters is to keep in contact with IVolunteer ambassadors across borders in order to understand the different cultures, ethnics, religions and practices to learn to live in harmony. Proposals and reports are welcome to the community to educate the respective community about a different culture.

Membership

The only permanent membership we have is through IVolunteer Ambassadorships. Otherwise, we only have project based and task based volunteering. Membership is open for anyone and everyone who is passionate about the organization's vision and mission. The membership may be free, unless otherwise confirmed by board of directors of a chapter, by majority vote.

Volunteering

When IVolunteer International posts a volunteer opportunity, you can apply for it and join the organization as a Project-Based or Task-Based volunteer. When the contract is over, we provide a letter of volunteer appreciation.
