

# PURSUE A PARTNERSHIP

Volunteer International is a registered 501(c)3 Non-Profit in the United States and as a Voluntary Social Service Organization in Sri Lanka. We are in the "service" of connecting volunteers to projects that are in need of volunteers, to every corner of the world.

If you're a charity organization, you're eligible to pursue a partnership with us. You can fall into the category of NGO, NPO, IGO, RGO or any other "coalition" group operating in the operation of "community service."

When you let us know that you're interested in a partnership, we will get in touch with you to have a conversation to see how strategically we can continue the partnership. We accommodate partnerships irrespective of geography, history of operation and/or financial capacity. As a partner, we will be able to provide you priority project posting, sponsored postings (for FREE) and so much more.

There is a role you have to play in the partnership as well. We are creating responsible communities coming together to tackle global issues important to all of us.

If your organization is interested in pursuing a partnership, kindly email us at [partners@ivint.org](mailto:partners@ivint.org) and a representative will be in touch with you.
