WHY PARTNER WITH US?

17 PARTNERSHIPS FOR THE GOALS

If you are a nonprofit organization (or a classification relating to that, such as a NGO or a Civil Society Organization) we invite you to partner with us to help us achieve a mutually-beneficial goal: to make volunteering fun, easy, and equitable. This directly relates to achieving the Sustainable Development Goal #17: Partnership for the Goals. In the next page, you can review specific partnership clauses, goals, and infrastructure we will deploy to advance volunteerism as a catalyst for change-making.

PARTNERSHIP

FROM YOU

We take our partnerships very seriously. It's because we are very careful on where we invest our time and resources. When we venture into a partnership, we need to make sure that our partner (you) can consecutively accomplish expectations. Here are some expectations we have for you (we are very flexible, so if you're a start-up movement please have a chat with us);

- Sign-up for the [#BirthdayDeed](#) pledge as an organization and invite all your volunteers, staff, and directors to take the pledge. Every year, encourage members to complete the BirthdayDeed pledge.
- Promote our logo and our vision/mission on your website. ([Brand Guidelines Link](#)).
- Think about us all the time - do you have a project coming up? An advocacy growing? How can we help? Reach out to us.
- Practice good volunteer engagement. We will terminate the partnership if we get to know complaints from your volunteers. Treat your volunteers well, as a value-building opportunity, not as free-labor.
- Feature us on your social media, whenever you can and appropriate.

Also, help us gather more partners. This work would not be possible without our amazing partners. Please reach out to us to discuss more ways we build a mutually-beneficial strategy.
